Day 5

Day 6

Day 7

Day 8

No Px

500ml per litter per day*

CREEP FEED START

First Day

Second Day

Third Day

20ml solution per 100g of feed per day

- 3

- 2

- 1

WEANING

+ 3

+ 2

+ 1

500 ml solution/litter/day on top of creep feed*

50 ml / pig per day (up to 100 ml)

on top of post-weaning feed

TONISITY TIPS

1. Always mix fresh solution each day
2. Always use clean water for mixing the solution
3. Ensure feeding pans are clean before replacing the solution
4. Place the feeder in an easily-accessible area, but not under the heat lamp
5. Keep bags tightly sealed in a cool, dry area
6. * = For litters larger than 14, you can increase the dosage to 600 ml/litter/day

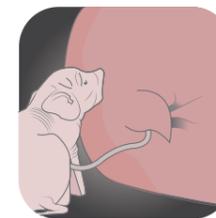

When is 'Day 2'?
